

BizConnect User Application

BizConnect links employers with youth to inform and inspire the career choices they make. Local businesses provide career exposure opportunities in the classroom, as guest speakers, and connect youth with work-based learning opportunities such as job shadows, company tours and internships at their place of business.

BizConnect, operated by Worksystems, is accepting applications from high schools and community based youth organizations serving youth age 16-21 in Washington and Multnomah Counties.

Applications are accepted on a rolling basis. Approval will be based on the school/organizations ability to provide staffing support, work-readiness training, and the ability to meet the school responsibilities as outlined in the Memorandum of Understanding, and the capacity of BizConnect to respond to the increased demand for school access at the time of application. In addition, current users will be evaluated on employer comments from the previous year. Applications will be reviewed in the order in which they are received.
